- **Tools:** VS Code
- **Productivity Tools:** MS Excel, MS Word
- **Typing Speed:** 45 WPM (English)
- **Other:** Responsive Design, Problem Solving, Teamwork, Effective Communication, Adaptability

Education

Bachelors of Computer Application

2023 – Present

- Kanpur Institute of Technology
- Chhatrapati Shahu Ji Maharaj University, Kanpur
- CGPA: 7.50

Intermediate

2023

- M M M Intermediate College Bhatpar Rani (Deoria)
- UP Board
- Aggregate : 72.20%

Matriculation

2021

- DC High School Done, Siwan
- BSEB Board
- Aggregate : 53.40%

Projects and Experience

Portfolio

Link 1_ 

- Developed a modern, responsive portfolio website using (**React**) HTML5, CSS3, and JavaScript with a focus on clean UI and smooth user experience.
- Implemented structured sections such as Hero Banner, About Me, Projects, and Contact to highlight professional skills and work samples.

College ERP

Link 2_ 

- Designed and developed a College ERP web application using **Django**, HTML, CSS, JavaScript, and Bootstrap, implemented modules like student profile, attendance, subjects, notices, and admin dashboard. Used Django templates, models, views, and authentication system.

Sales Dashbord

Link 3 

- Built an interactive sales dashboard in **Excel to analyze orders**, revenue trends, and customer insights. Incorporated slicers for dynamic filtering by month, channel, and category. Visualized KPIs using charts and pivot tables, enabling data-driven decision-making and clear performance tracking across regions, sales channels, and order statuses.

ElectroServe

Link 4 

- Developed ElectroServe, a responsive full-stack web platform for electronic service management. Built dynamic UI using HTML, CSS, JavaScript, and Bootstrap with a fully functional navigation bar (Home, Services, Marketplace, Technicians, Bookings, Support). Implemented backend features using **Django** for authentication, service booking, and seamless user–technician interaction and support management.

Certifications and Trainings

Web Development Training Program

- Completed hands-on training in Django, covering core concepts like models, views, templates, and authentication.
- Built multiple real-world projects (e.g., taxi-sharing app, student resource sharing platform) to strengthen practical skills.
- Gained experience in backend development, database integration, and responsive UI design.

Employability Enhancement Programme- Infosys

- Participated in a structured programme focused on soft skills, communication, aptitude, and inter view preparation.
- Gained practical exposure to resume building, group discussions, and mock interviews.
- Enhanced overall professional readiness for internships and placements.
